Baby's First Word Stories - House

Baby's First Word Stories, for children 1-3, is an interactive experience that encourages parents to view the DVDs with their little ones.

Together, they will explore one of the most exciting developmental milestones for young children – learning first words and the rich use of language involving those words. Gently paced, with smooth transitions, simple images and minimal camera effects, each DVD starts with words about objects, then builds sentences and stories around them. The easy-to-follow present tense narrative, combined with the repetition of simple “key” words, ensures that young viewers will be able to grasp basic language at a pace that is just right.

Featuring the animated characters Edward, Iggy, Dee Dee and Larry, the six 30-minute DVDs are “House,” “Pets,” “Outside,” “Get Dressed,” “We

Go” and “Nighttime.” Each Baby’s First Word Stories DVD includes a bonus printable (PC and Mac Compatible) Activity Guide with eight pages of games and activities that caregivers and children can do together. The Activity Guide also includes viewing guidelines to give parents ideas for how they can interact with their child as they watch together.

We had fun with it! A deliberately gentle pace, engaging imagery, and soothing music make So Smart! a winner for both parents and young children 1 to 3 years old, who are just beginning to explore the rich world of language.
